This policy informs the college community of everyone's obligation to act safely and appropriately towards children and guides our processes and practices for the safety and wellbeing of students across all areas of our work.

Definitions

Aboriginal includes: Torres Strait Islander

Child abuse includes:

- a) any act committed against a child involving:
 1. a sexual offence
 2. grooming offences under section 49M(1) of the Crimes Act 1958

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse.

Child connected work

Child connected work means work authorised by or on behalf of the governing board and performed by an adult in the school environment while children are present or reasonably expected to be present.

Reasonable grounds for belief

Reasonable grounds for belief is a belief based on reasonable grounds that child abuse has occurred when all known considerations or facts relevant to the formation of a belief are taken into account and these are objectively assessed. Circumstances or considerations may include the source of the allegation and how it was communicated, the nature of and details of the allegation, and whether there are any other related matters known regarding the alleged perpetrator.

A reasonable belief is formed if a reasonable person believes that:

- a) The child is in need of protection,
- b) The child has suffered or is likely to suffer “significant harm as a result of physical injury”,
- c) The parents are unable or unwilling to protect the child.

A ‘reasonable belief’ or a ‘belief on reasonable grounds’ is not the same as having proof, but is

more than mere rumour or speculation.

A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds. For example, a 'reasonable belief' might be formed if:

- a) A child states that they have been physically or sexually abused;
- b) A child states that they know someone who has been physically or sexually abused (sometimes the child may be talking about themselves);
- c) Someone who knows a child states that the child has been physically or sexually abused;
- d) Professional observations of the child's behaviour or development leads a professional to form a belief that the child has been physically or sexually abused or is likely to be abused; and / or

School environment

School environment means any of the following physical, online or virtual places, used during or outside school hours:

- a) A campus of the school
- b) Online or virtual school environments made available or authorised by the school governing authority for use by a child or student (including email, intranet systems, software applications, collaboration tools, and online services)
- c) Other locations provided by the school or through a third-party provider for a child or student to use including, but not limited to, locations used for:
 - 1. camps
 - 2. approved homestay accommodation;
 - 3. delivery of education and training such as registered training organisations, TAFEs, non-school senior secondary providers or another school; or
 - 4. sporting events, excursions, competitions or other events.

Student means a person who is enrolled at or attends the school

Volunteer means a person who performs work without remuneration or reward in the school environment

Child Safety Code of Conduct

The Child Safety Code of Conduct (contained in this policy) set boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

Processes to report inappropriate behaviour are contained in the Child Safety Code of Conduct and the Child Safe Policy.

Managing Risks to Child Safety and Wellbeing

Kerang Christian College will identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such

as those developed for off-site overnight camps, adventure activities and facilities and services contracted through third party providers for student use.

Kerang Christian College Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Establishing a Culturally Safe Environment

Kerang Christian College is committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

Kerang Christian College endeavours to promote a positive experience in a safe environment for all students. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

Kerang Christian College is developing strategies to promote cultural safety in our school community in particular to maintain an inclusive and culturally safe school for Aboriginal children and students.

Student Empowerment

To support child safety and wellbeing, Kerang Christian College works to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through implementing our whole school approach to respectful relationships, our student Code of Conduct, and our school values.

We inform students of their rights through, our whole school approach to respectful relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at our College website and the College office.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Family Engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- seeking input from families and the community – for example, through the school website, newsletters, other communications, student, staff, and parent meetings etc.

As a child safe organisation, Kerang Christian College recognise the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes but is not limited to tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people
- children from culturally and linguistically diverse backgrounds
- children and young people with disabilities
- children unable to live at home or impacted by family violence
- international students

- any other child safety and wellbeing information that school leadership considers appropriate to the nature of the role.

Ongoing Supervision and Management of Staff

All staff engaged in child-connected work will be supervised appropriately to ensure that their behaviour towards children is safe and appropriate.

Staff will be monitored and assessed to ensure their continuing suitability for child-connected work. This will be done by annual staff appraisals and assessing their continuing suitability.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school policies and our legal obligations. Child safety and wellbeing will be paramount.

Suitability of Volunteers

All volunteers are required to comply with our Volunteers Policy, which describes how we assess the suitability of prospective volunteers and outlines expectations in relation to child safety and wellbeing induction and training, and supervision and management.

Child Safety Knowledge, Skills and Awareness

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Communication of the Policy

The School will make regular and frequent public statements to demonstrate its commitment to child safety and to raise an awareness of the school community's collective responsibility to ensure all children are safe from harm.

This policy and relevant policy documents will be made publicly available on the school's website and from the school office.

The School will put in place arrangements to ensure that the school community (including applicants for jobs) are informed about the school's Child Safe Standards policies, procedures and allocated roles and responsibilities.

Training and Supervision

Training and education is important to ensure that everyone in our organisation understands that child safety is everyone's responsibility.

Our School culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse.

We also support our staff and volunteers through ongoing supervision to: develop their skills to protect children from abuse; and promote the cultural safety of Aboriginal children, the cultural safety of children from linguistically and/or diverse backgrounds, and the safety of children with a disability.

New employees and volunteers will be supervised regularly to ensure they understand our organisation's commitment to child safety and that everyone has a role to play in protecting children from abuse, as well as checking that their behaviour towards children is safe and appropriate (please refer to the Child Safety Code of Conduct to understand appropriate behaviour further).

Reporting

Any staff member, volunteer or contractor who has grounds to suspect abusive activity should advise the Child Safety Champion about their concern and must immediately notify the appropriate child protection service or the police. The Child Safety Champion will inform the Principal/CEO. The Principal/CEO will report to the Board as necessary.

In situations where the Child Safety Champion is suspected of involvement in the activity, or if the person having the suspicion does not believe that the matter is being appropriately addressed or dealt with, the matter should be reported to the Principal/CEO.

Investigating

If the appropriate child protection service or the police decide to conduct an investigation of this report, all employees, contractors or volunteers must co-operate fully with the investigation.

Whether or not the authorities decide to conduct an investigation, the Principal / CEO will consult with the authorities to determine whether an internal investigation is appropriate. If it is decided that such an investigation will not conflict with any proceeding of the authorities, the Principal / CEO may decide to conduct such an investigation. All employees, contractors and volunteers must co-operate fully with the investigation.

Any such investigation will be conducted according to the rules of natural justice.

The Principal / CEO will make every effort to keep any such investigation confidential; however,

from time to time other members of staff may need to be consulted in conjunction with the investigation.

After an initial review and a determination that the suspected abuse warrants additional investigation, the Principal / CEO shall coordinate the investigation with the appropriate investigators and / or law enforcement officials. Internal or external legal representatives will be involved in the process, as deemed appropriate.

Responding

If it is alleged that a member of staff, contractor or a volunteer may have committed an offence or have breached Kerang Christian College's policies or its Code of Conduct the person concerned may be stood down (with pay, where applicable) while an investigation is conducted. If the staff member is not stood down, then the students will be withdrawn from any classes that might involve contact with that staff member. If the allegation is against a contractor or volunteer, the College will not allow that person to attend the school site until any allegations are resolved. The College, when appropriate, will inform VIT (Victorian Institute of Teaching) of an allegation made against any registered teacher.

If the investigation concludes that on the balance of probabilities an offence (or a breach of the College's policies or Code of Conduct) has occurred then disciplinary action may follow, up to and including dismissal or cessation of involvement with the College. The findings of the investigation will also be reported to any external body as required by law.

Privacy

All personal information considered or recorded will respect the privacy of the individuals involved unless there is a risk to someone's safety. Kerang Christian College will have safeguards and practices in place to ensure any personal information is protected. Everyone is entitled to know how the personal information is recorded, what will be done with it, and who will be able to access it. If no adverse finding is made, the records of interview will be archived for the appropriate amount of time and then destroyed.

Records management

Good records management practices are a critical element of child safety and wellbeing

Legislative responsibilities

- **Failure to protect:** People of authority at Kerang Christian College will commit an offence if they know of a substantial risk of child sexual abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.
- All personnel at Kerang Christian College are mandatory reporters and must comply with their duties.

Please refer to the Child Protection Policy (Policy No. 26) for additional information.

Grievance Procedures

Policies and procedures are in place if staff, volunteers, children or their families have concerns about the College's leadership in regard to child safety. Positive, clear and effective processes for resolving grievances between the school and community members assists in the building of strong relationships, dispels anxiety, and ultimately provides students with an enhanced learning environment. Please see the Grievance Policy (Policy No. 31) for additional information.

Review

This policy will be reviewed every two (2) years. Following every reportable incident, a review shall be conducted to assess whether the College's child protection policies or procedures require modification to better protect the children under the College's care.

Any complaints, concerns and safety incidents will be analysed in order to improve policies and processes.

As far as possible the College will act with transparency and share pertinent learnings and review outcomes with school staff and our school community.
